February 2018 Ministry Letter

Special Events

February is a special month the month of love. Everyone celebrates Valentine's day, I heard someone say February 14th isn't the true holiday it is February 15th it's because all the chocolate goes on sale 75% off. (LOL)

Love is always a special event it is not only emotions but if you take a second look it is also a spiritual event. Why spiritually? Because God is Love and we don't have to wait for a special day to celebrate His love for us. He always gives us great things. He gives us eternal life, healing, health, and prosperity. He wrote it down, but it wasn't just a card, flowers, and a box of chocolate, it took 66 books for Him to tell you how much He loves you! That is a faithful God, a God of Love.

Happy Valentines Day and a special Happy Birthday this month to the love of my life. I know it would take at least 66 books to tell you how much I love you but I try to show you every day!  
 We Love You!

Greetings Precious Family and Friends

Wow! 2018 Burr! It's cold out here! A new and wonderful year ahead! We are a little behind with our January and February newsletters, for that we apologize but remember you are never

forgotten, your in our prayers daily with our faith and expectation of God's Word working on your behalf. He has never left you or will He ever forsake you! Our God is still the same yesterday, today and forever!

We are still out here on the road with the privilege of showing our God's faithfulness. We have just entered the beginning of our third year on January 30th serving our Lord as He directed in 2014 to go on the highways and byways telling people of His faithfulness! At the beginning of this letter, I started with Brrr! how cold it has been this year thus far! I know so many of you are experiencing unusual weather as well. Our prayers for you all are for your warmth, your car batteries and tires, your heating systems, your plumbing, electricity and strong health according to Psalms 91.

No matter where your living or in what you're living in we pray that God has His arms around you to keep you warm and safe, again Psalms 91. For our fellow RVers that your rigs, sewer hoses, tires, heating systems are good and sufficient and the places, the Lord has directed you would have great hookups with no failures and that all will remain warm and safe!

Our God is such a wonderful faithful God!

This is just a short update for February as this is a short month and there have been many weather challenges in January and February we have been unable to get time for writing our newsletters!

My honey is now able to drive

the car but not quite yet the RV so the driving, pulling the tow car has taken a little more time in travel than normal with the unusual weather but it has not changed God's assignment to us even in zero degrees weather!

We left Branson Mo, then Oklahoma, then to a ministers conference in Texas, then to Louisiana, Mississippi, Alabama and finally stopping in Sarasota Florida to a Faith conference. We were in zero degrees weather then it got to five degrees in Texas where it was the coldest it has been in 22 years, then 18 degrees with wind, snow, and sleet, but our faithful God has kept us safe and peaceful!

We had the honor of being ministered to for a total of 72 hours of preaching and teaching in three days, hearing from awesome men and women of God in Texas!

We had much opportunity to hear what the precious Holy Spirit is saying through His ministers. So encouraging and confirming. Then in Sarasota, we were greatly ministered to again by our Pastor and his yielding to the Holy Spirit on our increasing faith.

Being continually on the road ministry of this caliber is so encouraging for us in building and keeping and hearing by the spirit to meet and share, encourage and minister in so many lives on the road, we are so grateful!

In the midst of all the precious things the Lord never fails to give us an opportunity to carry on in our assignment to share His faithfulness in the stores, RV parks, streets, restaurants, gas stations, walking the dog or riding our bikes. Where there are people there is the love of the Holy Spirit reaching out.

Just a quick look at the beginning of 2018 I've asked God for more salvations! To confirm He heard my prayer and desire our second granddaughter received Jesus into her heart! I don't think I have to tell you how that touched this grandma and

grandpas heart! Now two of our granddaughters, Zoey and Aliza, have given their hearts to Jesus! The true faithfulness of our Lord!

We were able to minister to a couple in Texas at a gas station, that my honey will share with you later! We continue to have the privilege to Skype our Bible Study to our very sweet and faithful Encouragement Now! Bible Study every Monday night. Their sweet faces are there with hungry hearts every week and we all learn so much together as the Holy Spirit teaches us all!

I have been able to pray with several folks in the RV parks, mostly for safe travel and healing. We had the privilege of hooking up with a very special friend who lived in Oklahoma who helped with the care of Reagan's parents before their move to heaven. We had such a wonderful visit while in Florida where she moved too. She took us to a beautiful restaurant near the Faith Conference, it was on the ocean and it was such a wonderful blessing and a great way to spend my birthday and a wonderful way to share God's faithfulness! The Lord always goes the extra mile even to bring precious folks, we have not seen for a long time, back into our lives and even discovering that we go to the same church now!

What a great God we serve! We will be entering Spring soon and the beauty of the flowers and green grass will arrive, another season of change! The beginning of 2018 has been wonderful! Our great God has blessed us all with the overcoming love and power that has kept us moving and overcoming every challenge and obstacle, whether it's been snow, sleet, wind or cold! No matter the situation keep your eyes on Jesus the author and finisher of our faith. He is no respecter of persons! What He has done for others He will do for you! Love You All!

It's Personal!

January was cold and we thought the minister's conference would be warmer since it was in Ft Worth Texas well needless to say it was the coldest and broke the record from 22 years ago.

Just to let you know I am very excited about the testimony I am about to tell you and sitting here writing about it I still am very excited. Let me tell you what God did: We were having a snack just before the last session to the minister's conference and a couple that we had met two years ago, they are starting a church in Mexico, stopped at our table. We had been keeping in touch via email and Encouragement Now has been sending seed money to help their work. Encouragement Now! is a tithing and giving ministry! Just so you know. Anyway we were talking and sharing testimonies of what was happening in both of the ministries and then the last session started and they left. Just as soon as they left God spoke to me and said to give them \$100.00 I said that's fine I will do that but I don't have \$100.00 so I continued and said but God you give me the \$100.00 and I will give it to them. I expected God to give it to me in

the meeting and I would go and find them and give them the money. The money didn't come, so I told God when you give me the money I will send it to them. We left the next day headed to Florida and hopefully warmer weather. We hadn't traveled that far and we stopped for the night at a Cracker Barrel still inside Texas. The next morning we went inside the restaurant and had a great breakfast and the place was packed. As Patti says, it was like the mall at Christmas time. I went to pay the bill and as I was in line I looked down and there at my feet was a \$100.00 bill, I thought it was a track so I leaned over and picked it up to set the track on the counter and when I opened the bill it was actually \$100.00 and the Lord spoke to me and said that isn't yours, it belongs to the Pastor from Mexico, I said I knew that and I will send it right away. There was such an excitement in me I was just leaping inside. We continued on our journey and stopped for gas. This was a very large gas station and had to have at least 20 service islands for gas. Our RV with the car attached is 53" long so Patti aims for the outside bays so and we take up the entire island to get gas. Well the last island in the row had a car getting gas so we had to wait, the man finally left and we started to pull forward when a man in a white truck zoomed right in front of us an stopped for gas. There are at least 20 empty islands he could stop at, but no he had to stop right in front of us. So I voiced my opinion, of course only Patti and I could hear me, and I said what a dirty dog that was rude for him to do that. I then got out of the RV figuring I would direct Patti to drive closer to the truck and maybe we could get some gas. Well as I was getting out of the RV Patti is waving at the lady in the truck in front of us so her husband who was driving started waving at me and came over to talk. I wasn't sure I wanted to talk to him but I was nice, then he saw our dog Mr. Sir and had to show us his new puppy and then started talking about the Lord and how excited he was about what the Lord was doing in his life, and him and I just hit it off, of course I had to repent under my breath for calling him a dirty dog, and we both got so excited about what the Lord was doing, he was giving me his testimony and I was telling him mine, then I just had to tell him about the miracle of the \$100.00 and how God spoke to me and then heard my prayer and answered it right away and as I was explaining all this to him the excitement rose in both of us and we were dancing and shouting about the goodness of God right out in the middle of the gas station. Then he reached into his wallet and pulled out all the cash he had \$60.00 and said to me, "If God was going to do all of that for this young couple I want to be a part of it too!" I said I would make sure they got it and then we danced and shouted some more. I sent the money and received a wonderful text reply from the couple who just had their first baby 3 months ago. So I was in church services at the conference in Florida and I told the Lord I was so excited about what He did and gave the \$100.00 seed for me to sow and how excited I was to reap the harvest of \$1000.00, 100 fold return and God stopped me and said, Reagan, your wrong, I said ok, He said what is 100 x 100 I said I think I know but I am getting my calculator out just in case and it came to \$10,000.00. Patti wanted to know why I was looking at my calculator in Church. The Lord spoke again and said that is what I am to believe for. Now I am really excited to see what the Lord does! We live an exciting life don't we. We love you all! God bless! **Matthew 13:8 New Living Translation (NLT) 8 Still other seeds fell on fertile soil, and they produced a crop that was thirty, sixty, and even a hundred times as much as had been planted!**
