😊 **Everywhere!**

Thank you so much! As we are ending our first year out with our new assignment "Sharing the faithfulness of our God" as we travel in our beautiful home on wheels, we are rejoicing in all He has done!

😊 I want to give you a mini review of this first year and what your love, your faith, support and prayers

# Year in Review 2016

in Christ has accomplished! God manifested Himself in so many ways! His love and faithfulness His goodness and His power seemingly in such small ways to very miraculous miracles! In ways so supernatural that no one could deny it was no mans ways or idea, Only Gods. ❤️

In January when my honey was still in a wheelchair verily able to get in the RV, this big beautiful home on wheels, that the Lord blessed us with. We really didn't have much idea how to care for or what we

would need taking this big boy out and pulling the tow for our first real drive sense the Lord blessed us with it to further our ministry! It seemed like big challenges ahead! But we had what was most important, we had a Word from God and were set in our faith! The Word was when my husband was restored, we were to go out to the highways and byways and tell people about "the faithfulness of our God!"

Off we went on January 30th! 😊 "Sharing the faithfulness of our God", it has been a very easy and exciting word from God for us to share for all who would listen!

While walking thru the valley of the shadow of death He gave us His amazing love and faithfulness, He gave us direction, encouragement, wisdom, understanding, strength, mercy, grace, peace, protection, provision, His promises, love, His goodness, life, restoration, and power over death, sickness, and infections and every evil work formed against us, our family, ministry, our lives! We are so thankful to Him! ❤️

This year has been Amazing! Some of Reagan's biggest concerns were how the Lord would hook us up to share our message when we had no more connections with other ministries after the battle. Then my driving big boy and towing tow tow, in different climates, roads, altitudes, and the ability and strength to hook up and unhook the tow! And any other challenges people have as they travel. Such as backing up with the tow and getting ourselves into places we could not get out of! Kinda like driving a truck and trailer! 🚛

But I'm here to let you know that we haven't gotten ourselves into any spots we couldn't get out from! Even with the tow!! Yeah! 😊 Not one thing has happened this whole year that our God was not right there with the answer. 🙏 Whether it was the washing machine. God gave my honey the answer in his sleep he got up and it was fixed in 10 min. praise God! Or backing into RV. Spots, without the tow attached of course!! 😊 Even in these situations the Lord brought the help. At our first RV. Park, we pulled in after dark. I pulled to the side of the entrance and told my honey we would wait till morning sense the RVer next to our assigned spot had a tent next to his RV, right on the line! And a palm tree on either side

I was to back between! I believe the Lord has a sense of humor! 😊 When I saw that tent and the palm trees on either side, I new I'd have to increase my faith!!! Woooo! But my God gave me grace! A couple came by from, New York, being sweet to greet us! The whole RV community is so kind! Anyhow this couple said, we are C.D.L. drivers and the gentlemen was a bus mechanic! What are the chances of finding a couple equipped like this in a little park in the middle of Florida? They backed it right in between those trees, and not 2 inches from the tent! They not only backed us in, but hooked us up and found a little water leak in the bay below, but fixed it too!! That was the faithfulness of our daddy God! 😊 The whole year has been that way! I'd love to share each and every step that Daddy God was there for every need! But you'd have to read pages and pages!!

The main question my honey had was how will we share with people we don't know in places we've never been? Here is the answer. A man named Ray 84 years young riding his bike at the RV park came to our camp while we were cooking dinner out on our porch. He asked if He could sit with us, we said yes of course, come have a meal with us. He pulled himself up on the edge of the chair leaning towards Reagan and said, "I was raised a catholic but I don't know anything about God can you teach me about God?" Wow! What an open door! Him and Reagan sat for hours as the Lord would fill Reagan's mouth with the words this gentlemen needed to hear! This was the answer to my honeys concerns about being on the road! This is truly the way God has given us open doors to share His message of His faithfulness!!! The whole year!

We have watched as the doors have been opened by the Holy Spirit as He has led us into the right places at just the right time! Whether in RV Parks, Church's, on the streets! In the market places! The truck stops, restaurants, in the grocery stores, walking our dog, getting oil changed in the car or RV, ministry conferences, at the laundry, shower houses and in our home So many places and opportunities. It's been so amazing! Our God is truly faithful! Ministering to people depressed, discouraged, angry, hurt and broken, whether ministers, homemakers, business owners, Christian or not, prodigals, sick, dyeing, hopeless, lost, lonely, widowed, so many different needs and desires! People making ma-

for changes in different seasons in life! Retiring, having first child, new carriers, moving, empty nests, receiving there calls and making the steps the Lords calling them too. New open doors, loss of loved ones, so many people. The Lord manifesting His power, love and faithfulness supernaturally, providing needs and provisions, healing and deliverances! We serve such a great God!

We have seen backs with messed up discs healed, and movement and strength returned!

1/2 a million dollar debts paid in full in supernatural ways!

Kitty healed with a death report from the vet! Totally healed and happy along with grateful owners!

Supernatural jobs and relocated in 9 days! Suddenlies!

An 80 year young gentleman traveling with his wife to a faith conference in Florida ended up in hospital with a bad diagnoses. They were far from home in Texas very fearful. But our daddy God came on the seen! Suddenly! She received peace the Lord touched Kent and they returned back to faith conference the next day! They have kept in touch with us, They are still traveling and enjoying life!

Many folks brought up in religion have found the truth in relationship with Jesus! A couple just retired in Texas turned there life back to the Lord! And received there call! And The Lord healed them spiritually, and wife received healing for serious diagnoses physically! Both doing great! Returned to the Lover of there soul! Faith and calling! Thank you Jesus!

Gods protection for us and many in the Houston floods in April. People's cars underwater, God so protected us as well, Reagan still in wheelchair, we were on our way to our grand babies birth. Going from one freeway to another, the water was so high, I was concerned, people just drove out into the water and got stuck, some made it, I didn't want to take the chance of getting out in the water and Reagan not able to walk or swim. I may have been able to hang on

to him to get to land and without the wheelchair we would have been stuck. We prayed and asked direction from the Holy Spirit! He directed me to turn around going opposite direction of traffic, As I did people looked at me with a "are your crazy lady?" 😊 but then many followed. But the Lord always knows what He is doing! And always faithful! Praise God!, We made it!

Our sweet Grand baby boy was born the next day! As another proof of our Lords faithfulness, Our sweet little guy had a bad report while in his mamas womb. Our precious son and daughter went through a great fight as well! We watched as our sweethearts stood in there faith, trusting in Gods faithful promises for a great miracle and strength to come thru! And they all did! Never a day goes by that we are not All so very thankful for our miracle baby boy!

Reagan and I are thankful daily for Gods faithfulness to us our children, there spouses and our grandbabies whether biological or spiritual! Each have been in battles this year, but each one loves and serves the Lord and has come through the attacks strong, with there faith in tact! Reagan and I are so grateful! It truly pays to pray for your children and there spouses, and your grandchildren! To marry equally yoked, serving the same God! There is power in families that love and serve our God!

Gods faithfulness on the highways and byways, Psalms 91. We laid over behind a Cracker Barrel in Georgia at 3 am the Lord woke me to pray concerning tornados and storms, I didn't know if it was in the area or near any of our family or where? I just prayed in the spirit until I received peace! Then back to bed. At about 6:30 I woke to a bunch of people walking around the side of the restaurant taking pictures! I went out to find out what the ruckus was. They all came running at me asking if that was our RV I said yes, they said are you OK? I said sure! They said didn't you feel or hear the tornado? No, they proceeded to take me to the end of the building to show me a very massive old tree that had been yanked out of the ground and smashed into the roof of the restaurant! They were waiting for the insurance company! Again obedience is so important!

Sharing the Faithfulness of Our God!

Thank you Lord for your protection!

The end of the year has been a wonderful time of celebrating the birth of our sweet Jesus! Through our many invitations to share the faithfulness of our God through sharing and fellowship, wonderful dinners! Christmas outreaches! Happy birthday Jesus party's with our most wonderful sweet Vandeavor family! Our wonderful bible study, friends and family! Our sweet Faith Life family and enjoying all the beautiful cards and testimonies each of you have shared! Thank you so very much!

As we celebrate the true faithfulness of God and sharing just a very small amount of Gods great and mighty things He did in this wonderful year! I pray it has encouraged you and that you will see how faithful our God is, and realize no matter the battle, you will come through if you will stay in faith trusting the only one on this earth that knows you, loves you and everything He has said you can trust! His promises are yes and amen!

As I close let me give you an update! My honey is doing awesome! I know longer have to hook the tow on my own! I know longer need to keep up big boy on my own, nor carry groceries! He is able to fix things around our home! Writes and produces our newsletters, he's beginning to drive our tow car in the parks! He helped with our granddaughter's school work in Florida and plays and loves on all our grandbabies! And is a great navigator across the miles! 🚗

We have more babies coming and we are so excited! 😊 The word for restoration that God gave

us is manifesting and shows His Great Faithfulness!

As for me and Big Boy, We are enjoying moving across the United States as the Holy Spirit does the driving and leading as I yield to him! He's been so faithful to protect us in those highways and climates as we seek His direction! We have been here in Texas at a ministers conference, leaving to our next destination New Mexico, Excited to see who the Lord brings along our path! And to see His manifestations like we've never seen before in this New Year! Thank you all for being there! See you all as we travel along Gods highway!

Lovingly on the road for our faithful Jesus!
