Happy Blessed NEW YEAR

Dear Family and Friends in Jesus Name!

We hope all is well with you and your loved ones! As the new year begins our prayers are continually for you on a daily basis. Sometimes we aren't able to see or speak to often but God is never far away from you or us and always hears our prayers for you! We trust Him daily for your finances, desires, protection, health and relationships to be prosperous and blessed as your soul prosperous 3John 2! That your relationship with the Lord grows daily as you come closer to Him, and He draws closer to you! Isn't our God exciting? He is so wonderful! And so very faithful!

To me everyday is so refreshing! To love and serve the only God that I can trust with every part of my family, friends, husband and myself at every waking moment, knowing he won't leave or forsake us, KNOWING He is a God of truth! And anything He says I can TRUST!

He gives me joy to overcome the darkness that surrounds us in the darkness of the world! That joy makes me see beyond the moment into what my Jesus sees, just like at Calvary, when He was about to be crucified and He spoke of the joy set before Him! Joy in the midst of that horrible place He was in, Yet He saw beyond what was about to happen and saw the precious souls that would get the blessings that JESUS was about to lay His Life down for to be the bridge to the Father God! , never to be separated from God again! To have the blessing to live life in abundance as He promised! He did that for the whole world. Everyone is welcome to receive God's Son and what He gave to us, anyone that will believe and receive Him as there Lord and Savior! He gave us all the opportunity to know we're we'd be headed when our assignment here on earth was done as well, if we received him as our lord and Savior of our lives!

So you see why everyday is a new refreshing, exciting day in Jesus! We have seen our Lord everyday doing all that His Word promises knowing that again, He is not a liar or deceiver! Although there are many of those types of people out there, we find it so wonderful that we can trust Him in and for anything in our lives! Praise the Lord!

We do hope you have been in prayer with great excitement in the Lord, along with that great expectation

in faith of His plans for you and yours in this new year 2015! WE never want to enter into a new year without seeking GOD'S kingdom and his righteousness first! We know all we will need He will provide because we sought His way, His system first! SO LET US ENCOURAGE YOU TO STOP, TAKE TIME WITH THE ONLY ONE THAT LOVES YOU ENOUGH TO CARE FOR YOU IN EVERY ASPECT OF YOUR LIFE ! Who Layed His whole life down for you and only asks for obedience to his Word that shows him our love to Him! It's going to be a Great Year! His promises are yes and amen! How can you beat that?

UPDATE! Good News! This wonderful! Faithful God! that I've been speaking about has truly shown us His Power! His love! And His faithfulness! Reagan is doing great! He has gone from not knowing anyone, not able to speak, Unable to move, extremely sick to knowing everyone! Moving on His own with only some assistance, to eating on his own! Speaking! And working part time in the business! Praise the Lord we still have a way to go! But our GOD promised He'd be restored and He would give Reagan And I both the strength to come thru with a word to share! THE FAITHFULNESS OF OUR GOD! Our goal is to draw closer, to get to know our Jesus more then ever before in this new year! HE'S coming back soon! We want to be ready! How about you?

We are looking for mighty,powerful continued miracles of our God who gave us His promise in this new year! Believing and receiving my husbands total restoration! And the open door to our next assignment in our new mode of transportation the Lord blessed us to have for His service out on those highways and byways ounce again! For Gods plans and open doors for you and yours! In this New Year 2015! Remember the most important thing is to SEEK HIM FIRST! HIS WAY (kingdom) and HIS righteousness and all you have need for will be added to you! His child! Because HE LOVES YOU! And He Is FAITHFUL!

God Bless you! Keep in touch! We love hearing from you! And your testimonies! As well as your prayer requests! It's Always a privilege to agree with you in prayer for Gods will in every situation!

We love you, in CHRIST!

Reagan and Patti

Exciting 2015! What A Wonderful Time To Be Alive!

God has given us so much and takes care of us so well. God is so good to us and I don't just mean Patti and myself but all of Encouragement Now! To hear the testimonies of everyone at Bible study proves we are all growing more. We expect more in this new year, more of everything God has for us. Better health, finances, love, joy, more of everything.

Why do we want more finances, (money)? So we can get more stuff? Not at all! We want to help more of God's people. If we just have enough for us and ours, what do we do if someone needs help? Nothing, we can't help unless we have more than enough.

Why do we want better health, God teaches me when I am sick. Then why are you coming against God going to the Doctor to get healed? It sounds so pious and religious to be poor and be subject to illness so we can learn from God. God teaches through His Word anything else is from the enemy.

How do we get there? Prospering, healthy, having more than enough? Believe God. That is a great pat answer but doesn't help me at all. I believe God in all things! Believing God is great but we are to receive from God. According to the dictionary:

believing.
to have confidence in the truth, the existence, or the reliability of something, although without absolute proof that one is right in doing so: Only if one believes in something can one act purposefully.

Encouragement Now! has not slowed down in 2014 and we are ever going forward. People have been helped all across the country, ministry hasn't stopped or even slowed. We are not traveling as much, but the Word is going out stonger than before. Christmas outreach was a success this year as before. Many gifts went to help the needy people were housed, fed, clothed and saved.

We expect 2015 to be bigger, stonger, blessed and more helped and touched with the Word of God. God has not changed and neither has His instructions for Encouragement Now! We are working on new podcasts, mp3s, more publications and teachings.

Help us help those who need God by supporting Encouragement Now!

received, receiving.
to take into one's possession (something offered or delivered):
to receive many gifts.

We can believe in the truth, existence and reliability in God because He is all these things. But what about Him working in our lives. Danny was my friend and brother in Christ and he was dying because his intestines were rotting inside of him and the Doctors said they could do nothing, he had to die. That is not what the Word of God tell us, God said I am the Lord that heals you! Exciting only if you believe. I ministered to Danny for hours and I worked with him so I could minister daily. Did Danny believe God was the healer? YES, and Danny believed God could heal anyone, just not him. Healing was not for him, Danny died a few months later. Did he believe, Yes. Did he receive, No. he had family, children, friends and so much to live for, so much of Gods work to accomplish and the enemy stole it all from him. How much is being stolen from you? We can believe all day long but it does no good if we don't receive because the devil has lied to us. Health is for us, wealth is for us, all good things are for us!

Expect God to work in your life, get excited God is going to work. How do we know? Get into His Word, all the answers are there. Not only the answers to believe in but the God whom we can receive from. Believe, receive and get all that God has for you in this New Year! Exciting 2015
