*Everything God has for His children is good! Jeremiah 29:11*

*Example: John 4:7-30*

### *The Women at the well:*

In these days a Samaritan and a Jew did not speak, let alone a Jew coming into Samaria to drink at their well, very seldom did a Jew even pass thru the city!

But here is Jesus at the well! The Samaritan women was thirsty seeking water for her natural thirst, she thought! She had no idea she was coming for water for her thirsty soul! A total change of life! She had lived a very unhappy lifestyle for many years, one ungodly relationship after another, but Jesus knew her heart! As a matter of fact he knew all about her! No one in her life had ever really concerned themselves about her. Now in the middle of her city, where no one would ever guess, here is this stranger out in the middle of nowhere, He had every answer she ever needed and even answers she never knew she needed! And on top of all this, He was a Jew! What was happening here? This was not what she expected this was her day, love, deliverance, answers, life, had come her way! She was delivered from a life of death, discouragement, condemnation, prejudice, a whole array of bondages and given a new life, and lifestyle, freedom, was something she had never experienced! She was no longer thirsty! She was so happy! She ran to the people of her city witnessing her wonderful new

No army is sent out without provisions provided by it's government. There has never been a tank commander that had to go to the tank lot put a down payment on a tank, set up monthly installments in order to go to the battle and fight for his country. Could you imagine the insurance that he would have to carry, at least he wouldn't have to carry liability for the other persons, he is to destroy the other tanks.

In the Kingdom of God we send evangelists, missionaries, teachers and pastors to battle, to go to the front lines and represent us in the Kingdom.

Encouragement Now! Ministries is on the front lines and the cutting edge, become a part with your prayers and financial support. We can do more when you become a partner with Encouragement Now!

encounter with this man Jesus! A Jew! The man who gave her new life! And eternal Life as well! The people of her city began coming to see this man Jesus! They wanted this freedom and new life as well! This lady was not going to go back to this life of bondage! She was free and would not allow her past to tie her back up to where she had been, our past should not dictate our future!

Jesus shows up! And frees you from your past sins, shame, and darkness. Leave that past behind and remember it has no business in your today or your future! It is behind you! Praise the lord! What did the woman at the well decide to do that shows us she believed her past was over and her future was bright? She went and told her community! My experience with sharing my testimony does not always get a great response! Some would think we lost our marbles! Some would embrace our Jesus! Her faith was powerful now and she was moving in her new and bright future!

Ladies! Let me encourage you today! This man Jesus knows your heart as well! He offers you the same as this women at the well! He is no respecter of persons, no matter were your at in this time of your life, good or bad, Jesus is your answer! He paid a big price at calvary for you! Who has ever given this much love to you or for you? He so loves you and so desires you to receive him into your life! He has nothing but good to offer those who desire to receive him into their life!

Women at the well, lifestyle: living with a man after man (world system). Believed the fallacy of the power of her culture and their prejudice myth. Paul says don't get caught up with myths, traditions, wives tales. 1 Tim 4:7

God's greatest Blessings to you my friend!

In Christ,
