

## *Our Past*

We're just average, everyday type of family. My wife and I are ministers with five kids a dog and more cats than I care to talk about.

Being in the ministry we do a considerable amount of traveling back and forth across the country in our economy car. We have a missionary car; it does the work of three vehicles, a van, a truck and a passenger train. Comfortable for two adult and two children we have managed to travel 85,000 miles in the car cramming in five children, one dog, two cats and of course my wife and myself. We have had no problems with our car at all except for the fact that there are only two side windows in the back seat with sixteen eyes trying to see out of them. No problem! each child has a time to sit by the window, the only problem is no one remembers from day to day who's turn it is bring about quiet stares, curled lips and honks from passing motorists and understanding church members? The entailed argument finally concludes in a settlement that no one is happy with except those who enjoy the harmonious sound of silence in which I bathe in.

There have been great adventures in our little car. The adventures ranging from being attacked by a rhino, who apparently had bad eyesight during mating season at a game reserve in California to racing away from a quiet, peaceful, serene community that has decided that healing is of the devil and they are going to run the devil out of town at gun point. To avoid any theological debate and becoming holier we decided it was wisdom of God to close the schedule meeting before the, mob, congregation arrived and leave in the shadow of God at around 10pm.

Some of the most memorable adventures we have had stem from the accommodations we have stayed in, Paul said he has learned to abase and to abound, so have we, we have slept in basements of churches, floors of sanctuary, and abounded out of bed to find more sore places on our body than thought possible. There are more than spiritual advantages to fasting sleep that most people know. You can look spiritual and save on chiropractic bills!

There is also the other end of the stick. There are those beautiful churches and families who give us the best. Those wonderful well meaning people who have rented us a room at the fancy hotel in tow with double beds. When they realized we have five children they ushered us up the back stairs to our room and with smiles and hugs reminded us not to let the management see all the children at once.

## *Our Present*

Greetings! Precious Family and Friends! In the most awesome and powerful name of all! " JESUS "

We trust that you and your families are strong! Blessed! And overcomers today as you rest in the Lord! Leaning upon His word and His ways! It is Another beautiful spring day! The day the Lord has made! And we are rejoicing in it!

We are so excited to share updates and times of encouragement with you all! And very grateful to the Lord and to all of you that takes time to read our updates of Gods faithfulness! We want to thank each and every one of you for walking with us through this season of our life! For those who have shared your love, prayers, support, visited, sent words from the Lord, for the hugs and smiles in the darker moments! For standing in agreement with us, based only on the Word of God for total restoration! For our family and friends that drove many miles, took off work, and went to great expenses to show your love and support, for those that spoke the Word of truth over us! And not the reports of man! But the report of the Lord! In all this and even still today we rejoice in the wonderful love you have all shared with us! Although our journey is not yet completed, we know Jesus has completed it all for us at Calvary, and we are receiving more and more miracle manifestations of Gods completed work each day! We pray and speak Gods word over each of you daily, hooking our faith up with your dreams, visions, callings, desires, situations, and circumstances! With Gods help and His great faithfulness in each of your lives! As He works, designs, directs, and empowers you in your journey of life!

I'd like to show you another promise God has brought to pass in our lives! Along with the miracles for my husband's restoration of his health, our finances, our RV and car (Our home on wheels full time) God has sent us back to the highways and byways! As of January this year, we took our first trip back out encouraging, praying, distributing needs, showing the love of Jesus to those facing difficult situations, demonic attacks, to those lost, or have fallen through the cracks of the church and society through deception or bombardment of the cares of this world. Bringing "good news " to them as we so desperately needed while going through the attack we experienced. Bringing hope to a dark time in ones life! What a privilege it is to give love and hope to those in need! To share the faithfulness of our God! The Lord had given us a promise that He would restore my husband, that it wouldn't be in the time we had thought, but the Lord would give us the strength for this journey, and when we came out of this journey He would give us a new word for the highways and byways!

### THE FAITHFULNESS OF GOD!

I'm here to tell you just that!! He is truly faithful! He not only has healed, and given us miracle after miracle in these past 23 months. But has been our every source and provision throughout! And still is! But has also given us great opportunity to share his faithfulness to many folks out here on the highways and byways. He is showing himself faithful in showing us the needs, and the wonderful people who need signs wonders, and miracles! He is enlarging our ability to reach out further. As never before to take Encouragement Now! Not later, but now! To those he leads us to! HE is no respecter of persons; If He has done it for us He will for you as well! All He asks for is that you believe in Him and have faith in Him; you see it's impossible to please Him without faith!

## Our Past Cont.

While trying to be as quiet as possible all tucked away in bed our dog, in his doggie kennel in the car decided to take on the spirit of Paul and Silus in jail awaiting the midnight hour to sing praises unto God in order to have the kennel door opened by an angel, fortunately God in all His wisdom didn't send the angel but the night sounds did awaken the two cats in their kennel who joined in the praise and worship trying to move the hand of God in their favor. I in my kerchief and Ma in her cap receiving a shuttering phone call from the front desk awakening all the family who spontaneously ran out the door of the room in whatever they did or didn't have on in order to rescue the poor lonely animals. Realizing after reaching the hotel elevator that a few essential items of apparel were missing from the children who in embarrassed terror screeched back to the room awakening John Boy, Mary Ellen and any of the rest of the hotel guests who has not been aroused by the puppy praise and worship or the first run on the elevator. Succumbing to the management's suggestions we found suitable accommodations in our car where the contented animals slept soundly. We don't have to worry about sleeping in only two double beds; in fact the necessity of reclining at all is removed due to the impossibility. Compartmentalized leaning becomes the order and sleeping the task, no one has to worry about falling over, just like a subway train at rush hour you could pass out and still not fall down. Thank God for all night rest stops that possess the essentials of life, water, bathrooms and abundance of toilet paper that we have developed 101 uses for. You would be surprised how precious a 1000 sheet roll can be!

## Future: Something to look forward to!

Upcoming Events: The revised website, YouTube channel, Conference and Bible study. Our new online store.

## Our Present Cont.

He is a God that does not lie! Our first step out was not without a fight; the enemy tried 5 times to attack in real serious ways! But the Lord gave us understanding and direction, and we overcame each situation! He gave us peace and strength through the joy we have in Him! We praise Him! We have the blessing of the blood of the Lamb and the word of our testimony! To let people know that God is God! And His precious son Jesus has provided by the way of Calvary all we need here on earth, as well as eternally for the abundance of life! John 10:10.

We have traveled over 5000 miles since we started out in January! We have met many wonderful people, from many different walks of life who has given us an opportunity to minister to them, share our testimonies, pray and share blessings we were able to hand out! We have seen signs, wonders, and miracles including our precious new grandson who was to be born in May, who found his way to earth the 19th of April! This sweet little man is an anointed, miracle from the Lord! Mama, baby, daddy, and big sister are all doing well! This little miracle has brought great joy to this grandma and grandpa! We are so thankful to God for again, His wonderful faithfulness to those that love and trust Him! Thank you for all those who have joined in faith for our sweet blessing! We know He is already called and anointed! We are excited to see how God will use him, as we know he will be a soul winner for the Lord! There are so many ways God is faithful in all areas of our lives! Our little guy has been such a special bright light in the many storms and flooding this week in Texas! Many lost homes, cars and even lives! We pray for all of Houston and for God's faithfulness for those who will trust Him! We are already seeing miracles in many places and situations here! Thank you Lord!

Just one last thing, thank you for all the partners, that are continuing to walk alongside of us, we know your about to receive great harvest, for your generous hearts! Thank you for all those we have gotten to meet and for the love given back to us, as we serve them! Remember to encourage someone today while it is still today! Please hook up to our new address below, please share your prayer requests and your praise reports if any of these outreach opportunities have ministered to you, we'd love to join in giving God the Glory for it and to pray for your requests! We also will have our YouTube Nuggets of Encouragement up and our new encouragement online gift store with gifts to edify you and your friends and family real soon! Thank you all, again for your love and prayers and taking time to read this update!

We give God all the Glory Forever! Amen!

LOVE YOU ALL!

P. S. please look on our event spot on line and join us for our events and travels! There will be an upcoming women's outreach. No date yet, but soon!

We love you! Patti

*We Want to thank  
each and every one of you for your love,  
support, encouragement, fellowship gifts, prayers  
and love throughout this year! We pray the Lord  
will bring all you have given back to you above,  
and beyond anything you can desire or imagine.*

**GOD BLESS YOU! WE LOVE YOU,  
Reagan and Patti**

**We Want To Hear From You, Please Write Us And Let Us Know If You Enjoy The Newsletter**
